COACH'S MESSAGE

BY HEAD COACH JASON HOATH

Dear CHS Football Family and Community of Columbia,

I am extremely honored to be a part of such a great tradition in Columbia Lion Football! I am blessed to be surrounded by a great administration, outstanding teachers, dedicated coaches, and an awesome community! It will be my mission to build men of character and men of integrity as they go through our program.

My mission in coaching football is to use the lessons it provides to the player's lives in teaching them to be successful young men.
Values that will be taught:

1. Trust and accountability
2. The rewards of hard work and never giving up no matter how difficult the task
3. Being committed to a positive cause
4. The importance of Self-discipline and making the right choices when no one is looking
5. Teamwork, and not caring who gets the glory
6. Perseverance through adversity during trying times
7. Being Competitive in everything we do as a team
8. Learning how to be a leader and properly lead a group of young men

Hopefully, through teaching these important life lessons through football, the players that go through our program will develop into loving husbands and fathers. They will understand the importance of working together as a team to achieve their goals in life. They will feel confident in job interviews and when they go into the work force. They will also learn the importance of making right choices in life and that with every choice comes a consequence. Hopefully, they will be able to take these life lessons and make an impact in our community.

My coaching philosophy is simple: Faith, Family, Academics, and Football. I strongly believe that it must go in this order for our program to achieve success.

Faith is the first and foremost of my priorities not only as coach, but as a husband and father as well. My faith comes from God and that is Whom I put my faith, love, and trust in. Without Him, I can do nothing. He has helped mold me into the person I am today.

Likewise in coaching, I must put faith into the football program. Everything from coaches, players, administrators, parents, and all the "behind the scenes" aspects involved in a football program. When coaches and players put their faith and trust in one another the football program will experience the success it desires. Also, as a coach, being involved in the Fellowship of Christian Athletes is something that I have a passion for. It is such a

blessing seeing young men and women grow spiritually closer to the Lord and at the same time excel in their athletics.

Family is the second priority that I have as a coach. I am a family man and want to spend as much time with them as possible. I have full support from my family and they want me to be as successful as possible in coaching. At the same time, my life is not coaching football, it is being the husband, father, and spiritual leader that my family desires and needs me to be. I also encourage my fellow coaches and players to have close family relationships as well.

Academics is the next principle and priority that I have in my coaching philosophy. Academics must come before football because of the value of education. As a coach, I am also a teacher and it is my first responsibility to provide an education for these young men. In order for our players to be leaders for tomorrow, they must strive to get the best education possible. An education will empower each player to possibly earn an academic scholarship after graduation. Football and other sports may only be temporary, but the education we get will take us as far as we want to go in life.

Finally, football is the fourth priority on my list. If each coach and player put the other three principles and priorities first, then the football part will take care of itself. Football is a complex game that requires intense instruction, game-planning, and physical training. I am a very competitive person and want to win as much games as possible while teaching the game of football to the young men going through our program. The development of character, respect, discipline, teamwork, and trust will be taught in the game of football.

I have lived the majority of my life in Maury County and I understand how much the community invests into the athletic programs here at Central. I am excited about the opportunity for our players to give back by not only performing on the field, but to do our part by investing back into the community.

There is nothing better than Friday Night Football! Thank you again for your continued support in our football program.

Go Lions !!!

Congratulations Michael #75
aka Big Mike!

It seems like just yesterday you were just a kid starting elementary school…now you're a confident young man who is a senior in high school. It's been my joy to watch you grow over the years. I hope you know how proud I am and how much I love you. You'll always remember this year and so will I. Always remember: There's no limit to what you can do if you keep believing in yourself. So happy to share in the excitement of your senior year and so very proud of you, too!"
